Monday 13th December 2021

Dear Parents/Carers,

RE: January Return to School Testing

Pupils are due to return to school on **Wednesday 5th January 2022** after the Christmas break.

We know the guidance can change quickly, but the expectation is that all pupils should take part in return to school lateral flow testing. We will ask all pupils to take a lateral flow test in school on their first day back, with a second lateral flow test taking place within 5 days. These will take place in school time with staff trained to complete the testing process.

As usual, parents will receive a text message to confirm the negative test has been logged with Test and Trace. You will receive a phone call from school if the test suggests your child has Covid-19 and further information provided.

We are asking for you to provide consent for this testing to take place. You can do that by [clicking here and completing the form](#). It will take less than 1 minute.

The return to school tests should take place in addition to your own testing outside of school. You can request home-testing kits from school at any time this week, by phone, email or written note, or you can [click here to order them direct to your door](#). It is best practice for these to continue to be used throughout the break.

Thank you once again for your support in keeping the school and our wider community safe.

Best wishes,

Tim Heapy
